FU TU

The **IDEAL Futures Teacher Academy** aims to provide a range of professional development activities and a transformative **dialogue hub** to enable pre-service teachers and in-service teachers in the early years, primary, and post primary sectors to engage in dialogue with policy makers, other educational leaders and the digital tech sector, with a view to leading innovative practices in **digital education**.

RE

Focused on developing professional development activities, content, a collaborative digital hub and micro credentials to provide opportunities and space for transformative dialogue that supports educators to develop as future digital educational leaders. The project address the needs identified in the research by providing an integrated approach that delves into the need to view **digital learning as an ecosystem**.

Co-funded by
the European Union
